FEDEVEL

CERTIFICATION

This is to certify that

Ahmed Hamza AL Husseini

has successfully completed the course

Good EMC Engineering for Equipment, Systems and Installations

Date **20 MAY 2024**

Course tutor Keith Armstrong

Keith Armstrong

Course duration: 9h 3min **Course content:** Planning, Legacy equipment, systems and installations, Equipment choice, Power distribution systems; Power quality, Galvanic isolation for EMC, Segregation (EM Zoning), Cable classification, Bonding Ring Conductors (BRCs), RF Reference, Terminating cable shields, Parallel Earth Conductors (PECs), Preventing corrosion, Safety and EMC Zoning, Meshed Bonding Networks, Filtering and Shielding for EM, RF-bonding filters, RF-bonding cable shields/screens, Surge and Lightning protection, EMC maintenance
